Task 1: Implement the following features in your Today's mini project Website: Pricing Section, FAQ Section, Blog Preview, Dark & Light Mode.

The screenshot shows the Code Playground interface with the HTML tab selected. The code includes a basic HTML structure with a title "Teacher Portfolio" and a CSS section. The CSS defines variables for a light/dark theme, including background colors, text colors, and shadows. The code is as follows:

```
1 <!DOCTYPE html>
